### Assignment on Ethics and Codes of Conduct Report (25%)

Due Week 11, Saturday 11:59 pm, submission via Turnitin

#### Information about Ethics and Codes of Conduct Assignment Report

**Note:** *The Ethical and Codes of Conduct report is an individual assignment.*

You have to select a suitable case study related to ICT, Engineering sector or from the given list. The case study is an event or an occurrence of a situation related to ethical and codes of conduct issues. For instance, a newspaper article about a company's disposal of toxic waste damaging the environment.

You have to research for information related to the topic you have chosen. The research material can be publications, news articles, research papers, books, etc. You have to find the outcomes of the event or occurrence and provide judgement and analysis of the resulting outcome. With this judgement and analysis relate it to the relevant industry sector's professional code of conduct. Consider two case studies on the selected topic for analysis and comparison. Provide analysis of these two case studies for comparison purpose.

**For example, "Hard Disk Disposal when content still exists on it".**

- Are there any ethical and professional codes of conduct for such a task?
- Are ethical and professional codes taken into consideration at the time of disposal?
